I tried remedies and could not get better, until I tried Sloan's Liniment. One bottle fixed me up in good shape and now I always have a bottle in the house for my wife and children."

HERE IS SOME OF THE LATEST GOSSIP THAT IS AGITATING MINDS OF NEW YORKERS

NEW YORK, Jan. 6.—Whether the cabaret shows now so popular in New York's restaurants violate the law prohibiting theatrical performances without a license will be decided by Magistrate Barlow on Monday.

Louis Martin is the defendant in the case, but all the proprietors of Broadway cafes in the white light district are vitally interested in the outcome. Reformers who look after the moral welfare of the city have objected to the character of some of the so-called "cabaret" exhibitions. The cabaret idea did not originate in New York, but came to the metropolis by way of Chicago. The Windy City cafe men in turn borrowed the plan from San Francisco, and the Golden Gate City imported the scheme from Paris, where every smart restaurant has its cabaret show.

Where the dozens and scores of high-priced hotels in the metropolis get their patrons is a mystery, but the demand for accommodations at fabulous prices seems ever on the increase. The newest of the so-called "cabaret" is now completed and will be formally opened next week. Alfred G. Vanderbilt, who built it, will occupy a magnificent suite furnished quite regardless of expense, on the top of twenty-first floor. The new hotel contains 585 rooms, and will, according to its press agent, contain numerous innovations. That's what they all say.

A Mary Todd Lincoln memorial benefit performance of The Littlest Rebel will be given in Brooklyn on Monday, to raise money for the building of a library in Lexington, Ky., in Mrs. Lincoln's memory. The site, valued at \$25,000, was given by Sayre College, an institution for the education of women. Mrs. Lincoln was born in Lexington. Similar benefit performances have been or will be given in various other cities.

During the best week of this month the varied and valuable contents of the "house of mystery," left by the late Charles T. Yerkes to his beautiful ward, Miss Emilie Grigsby, will be sold at auction, and bibliophiles, antique lovers, art connoisseurs and wealthy collectors all over the world will compete for the treasures. The Park Avenue palace was fairly piled with draperies, paintings, tapestries, sculptures, rare books, precious rugs, medieval furniture, jewels and novelties, and all but a few articles retained by Miss Grigsby will be knocked down to the highest bidder.

The Rev. Dr. Lee W. Beattie, of the Madison Square Presbyterian Church House, quite evidently belongs to the church militant. When a couple of drunken men proceeded to "start something" at an elevated railway station a few nights ago, using unparliamentary language and jostling women, the parson took of his coat and polished off the disturbers. The principal offender he knocked down and sat on until a policeman arrived.

When Emil Bersbach, head of a big manufacturing company, discovered that one of his trusted employees had dipped his fingers into the cash drawer, he caused the arrest of the young man, who in court pleaded guilty to the embezzlement of \$225. Then Bersbach had a change of heart and asked the court to let the erring man off. The court paroled the defendant for one year, and Mr. Bersbach.

tought, after a trip of twenty-two weeks on horseback. The pair started from Billings, Mont., July 24, and since then have ridden through the mountains of that state, of Idaho, Wyoming, Utah and Arizona. They did not follow any recognized through trail, but made their way directly overland by compass. At many places swollen rivers and canyons forced them to back-trail and make long detours. Some of the interesting points at which they touched were Yellowstone National park, the Snake River country and the Grand Canyon of the Colorado.

Mr. Glen is a man of 49, a born westerner and a miner by profession. The greater part of his life, except seven years spent in the mines of Butte, Mont., he has been a prospector. This long journey was made principally in connection with his business. His son is a young man of 22 and is also a prospector.

During their trip they were delayed for any considerable time but once—that was in Utah. There they stopped long enough for Mr. Glen to superintend the construction of a tramway for Flugal & Mulhols of Mt. Nebo.

They report the most difficult part of their way to have been in Arizona. It was here that they had to make so many detours. At one point they were obliged to go for 140 miles without water. They crossed the Colorado at Lee's Ferry and followed the trail from there through Prescott.

Mr. Glen reports many good prospects for gold, silver and copper, but says the best lie about the Prescott district. He says that at Lee's Ferry by the hydraulic process \$2.50 per ton is being extracted from volcanic ash.

PERSONAL MENTION.

Mr. and Mrs. J. H. Knight of Libby, Ariz., who have been spending some time with the brother of the latter, Mr. J. F. Stevens, have left this place for Buckeye.

Tomorrow Mr. J. F. Stevens, his sister, Miss Stevens, Mr. H. A. Hammels and Miss Alvina McCoy of Phoenix will take dinner in Phoenix.

Mrs. V. G. Holland had a narrow escape from a serious burning today, when a pan of gasoline took fire.

Mr. Theron Benton of Spanish, S. D., is visiting his aunt, Mrs. John Harrison.

Mr. C. H. Barkley made a business trip to Mesa.

Mr. and Mrs. D. H. Tinker spent the day in Phoenix.

Mr. P. E. Butler spent the day in Glendale on business.

Mr. and Mrs. Ray Layman visited in Phoenix today.

Mr. D. Miller moved from the Mrs. Sarah Miller place to the John Forney ranch.

Mr. Rudolph Kuchler of three and one-half miles east has just completed the installation of a new water system on his ranch, Uzoa. Mr. Kuchler is a son of Utah. He predicts a brilliant future for Arizona.

Mr. Warner of Brown county, Kan., is in town today. He has been thirteen years ago and is astonished at the development of the country.

Stops Pain in the Bladder, Kidneys and Back

Wouldn't it be nice within a week or so to begin to say goodbye forever to the scalding, dribbling, straining, or too frequent passage of the urine; the forehead and the back-of-the-head aches; the stitches and pains in the back; the growing muscle weakness; spots before the eyes; yellow skin; sluggish bowels; swollen eyelids, or ankles; leg cramps; unnatural short breath, sleeplessness, and the despondency?

I have a recipe for these troubles that you can depend on, and if you want to make a quick recovery, you ought to write and get a copy of it. Many a doctor would charge you \$3.50 just for writing this prescription, but I have it and will be glad to send it to you entirely free. Just drop me a line like this: Dr. A. E. Robinson, K496, Luck Building, Detroit, Mich., and I will send it by return mail in a plain envelope. As you will see when you get it, this recipe contains only pure, harmless remedies, but it has great healing and pain-conquering power. It will quickly show its power once you use it so I think you had better see what it is without delay. I will send you a copy free—you can use it and cure yourself at home.
